

# **THE MIRAGE OF THE 'RIGHT-WING'**

## **Likud to the rescue?**

Consider -All land surrenders to Arab terrorists were given by right-wing governments:

- Menachem Begin (Likud): Gave the Sinai and used general Ariel Sharon to uproot a Jewish town called Yamit in settlement 'Elei Sinai.'
- Yitzhak Shamir (Likud): Granted 'autonomy' to the Arabs in Judea and Samaria
- Bibi Netanyahu (Likud):
  - 'Wye plantation agreement' gave Hebron to the Arabs
  - Had talks with the PLO - despite his pre-election promise to have no contact with Arafat
  - Honored the destructive 'Oslo' agreements to give away Israel
  - Later, he remained in Sharon's coalition giving Likud the necessary support to implement the expulsion of Jewish communities from Gaza
- Ariel Sharon (Likud): Forcibly ripped Jewish families from their homes in Gush Katif, Gaza and delivered our land to Hamas terrorists
- Ehud Olmert (Likud, now Kadima): wants to uproot 70,000 Jews in surrender to the Arab terrorists.

## **Fact:**

### **The 'Right-Wing' And 'Left-Wing' Are Ultimately The Same**

The 'right-wing' is all rhetoric without solutions. Despite right-wing capitulations, we continue to be threatened by Hezbollah in Lebanon, by the PA in Judea and Samaria, by Hamas in Gaza, by Arabs in the Gallil and by the 13 Arab Knesset members in our very own government, who openly advocate Israel's destruction.

**Beware of whom you support!**

The right-wing is good at opposition but has no solution. However when the right-wing is in power there is no opposition to their suicidal concessions as we have unfortunately witnessed.

It is time to recognize that the ban on those who are offering a real solution must be lifted.

Enough right-wing power grabbing and silencing of those who do have an alternative.
